ROLLING STOCK.—The Orange, Alexandria and Manassas Railroad is now one of the best equipped railroads in the Southern country, and from its extensive shops in this city, is daily making additions to its already large stock of first class rolling material. This morning, the locomotive Alexandria—a splendid, number one passenger engine—which has just been rebuilt, made a trial trip to Springfield Station, with a new first class decked passenger car, which is better finished and furnished than any car ever before sent over the road, from the North. The company's shop, at their depot in this city, in charge of Master Mechanic James E. Wadley, is now, and for some time past, have been turning out work, which for durability and beauty cannot be excelled.

A SUGGESTION TO TAX-COLLECTORS.—In Richmond, last week, the Mayor at the instance of Mr. Temple Ellett, deputy sheriff, issued a garnishee summons against Mr. Sam'l M. Bailey, for State taxes due by a colored man receiving wages from him as an employee, but who had peremptorily declined to pay the taxes when Mr. Ellett applied to him for them. Mr. Bailey was then applied to for the amount, but did not feel himself authorized to pay out of the man's wages without being authorized so to do, and then it was that the garnishee summons was issued. The Mayor had the case before him Thursday, and promptly decided that Mr. Bailey must pay the amount over to the sheriff.

THE MARKET. this morning, was one of the fullest we have seen for sometime, there being an abundant supply of vegetables, generally very fine—such as cabbages, lettuce, onions, peas, beans, beets, &c. We have, however, no very material change to notice in prices, though there is a tendency to a decline. Strawberries are going out—cherries are coming on. The Butchers had supplies of excellent meats, at previous rates. This is severe weather upon meats, except to those who have ice houses or good refrigerators. Butter 30.35 cts. per lb. Eggs 30 cents per dozen. Sturgeon was still 8 cts. per lb.

ALEXANDRIA CANAL.—Advantage was taken by the lessees of the Alexandria Canal yesterday of the opportunity afforded by the very limited number of boats then this side of Georgetown to draw off the water from the Aqueduct in order to replace a few broken angle blocks in that portion of the structure in which the first cast and inferior blocks had been retained. The substitution of more substantial blocks was completed to-day, and water re-admitted into the canal, and boats are now arriving and departing as usual, notices from Georgetown to the contrary notwithstanding.

ALEXANDRIA ECLECTIC ACADEMY.—CLOSE OF THE SESSION.—The closing ceremonies of the above school took place on yesterday, at the Academy room, on Duke street, under the management of the Principal, quietly and without public demonstration. After an address to the pupils from Wm. E. Baker, esq., the Principal, the following award of premiums was made: John G. Mellen, George T. Klipstein, Charles S. Perry, Millard P. Vincent, Harry Standiford, Edwin Buchanan, Benj. F. Burrage, Benj. F. Wadley.

OIL LAMP EXPLOSION.—A kerosene oil lamp exploded in the residence of Mr. J. W. Nichols, on Pitt street, between Duke and Wolfe, about nine or ten o'clock last night, during the absence of that gentleman and his wife, and while a colored servant girl and her charge, a little child, of Mr. Nichols, were asleep up stairs. Fortunately Mr. Nichols returned before the flames which had been communicated to the bureau, by the burning oil, had spread to any considerable extent, and speedily extinguished them without occasioning any alarm.

YACHT RACE.—The race which was expected to have taken place on Wednesday last, between the "John T. Given" and the "Mamie," two Washington boats, was postponed until Monday next, the 22d inst., on which day it will come off from Sixth street wharf, in Washington, to Fort Washington, and return. The wager has been increased from \$50 to \$100 a side. Both of these boats having had such a close run at the regatta on Monday, no doubt great interest will be taken on the occasion.

GONE TO LYNNBURG.—Nearly all the chief officers of the Orange, Alexandria and Manassas Railroad, including the President, Superintendent, Auditor, &c., have been summoned, and have gone to Lynchburg, to appear as witnesses in a case before the Court of that city, involving the value of a library lost on that road, while it was in possession of Messrs. Quigley, &c.

THE WEATHER.—There was a rain yesterday afternoon, accompanied with much lightning and thunder. Notwithstanding, the weather continues very warm. The thermometer today, at 12 o'clock, at this office, in the shade, stood at 85°.

DICKENS READINGS.—Mr. F. C. Bangs, a native of this city, an actor of acknowledged ability, and justly distinguished as an eloquent and decided merit, will read selections from David Copperfield, and the Christmas Carol, at the Assembly Rooms, in this city, on the evening of Wednesday next, the 24th inst. In speaking of Mr. Bangs' reading in Washington, the Intelligence, of that city, of yesterday, says:

"The reading of 'David Copperfield' and 'Mr. Bob Sawyer's Party' last night, at Wall's Opera House was a very finished entertainment. Mr. F. C. Bangs is well known in this community as one of the most intelligent and accomplished readers of the stage who has been connected with the stage of this city at any period in the last score of years. He never fails in anything he attempts, and in parts well adapted to his powers, he is very elegant and powerful. We risk nothing in affirming that all who heard him will justify us in saying that better reading has scarcely ever been heard in this community, and it is certain that he was not surpassed in these selections by Dickens himself."

The programme will be published on Monday next.

GEORGETOWN STILL GRUMBLING.—The Georgetown correspondent of the Washington Union of yesterday evening says:—"The Alexandria Canal Company having removed the foot bridge that crossed the Chesapeake and Ohio Canal opposite the Aqueduct, and placed it over the mouth of the Alexandria Canal, Col. Spates, President of the Canal, yesterday sent a message to the President of the Alexandria Canal demanding that the bridge should be removed within five days. The Chesapeake and Ohio Canal Company, it seems, have leased the south bank of the canal from the Aqueduct up to the old foundry to other parties, and therefore the Alexandria Canal Company have infringed upon the rights of the lessees of the ground by placing the bridge upon it and raising the towpath, neither of which they have a right to do, as the lessees have sole rights to its use. The Board of Directors have a meeting to-day, when it is likely the subject will be discussed."

PUBLIC DINNER.—The ladies of the Presbyterian church, in Harrisonburg, have determined to celebrate the arrival of the first train of cars on the Orange, Alexandria and Manassas Railroad at that town, by a public dinner. Passenger trains will run on the road to Woodstock—twelve miles beyond Strasburg—on Thursday next.

DISCHARGED.—The Postmaster at Snickersville was before Commissioner Cahoon, of the United States Commissioners Court, in Richmond, on Thursday last, on the charge of tampering with the mails. He was acquitted and discharged.

SHIPMENT OF LUMBER.—The French barque Ferriere, from Havre, arrived at this port last night. She will be loaded with lumber for her return trip by Messrs. Thornton & Davidson, from their saw mills, in Fairfax county.

CABBAGES. this season, are uncommonly large and fine. Mr. Slater has them in market, weighing from 10, to 12 and 13 pounds. Mr. Kirby, from Prince George's county, Md., had some large and superior ones.

BLOWN DOWN.—During the thunder storm yesterday evening a large tree which had been standing on the Southwest corner of Washington and Oronoco streets for a long number of years past, was blown down.

MOONLIGHT EXCURSION.—The choir of the M. E. Church, South, will make their annual moonlight excursion on Wednesday, July 1st, on which occasion the usual pleasant trip is expected.

A WELL DESERVED HONOR.—Rev. Wm. E. Munsey had conferred him, last week, by Emory and Henry and Hampden Sydney Colleges, the degree of Doctor of Divinity.

CONSERVATIVE NOMINATION.—Lieutenant W. A. J. Potts has been nominated by the Conservatives of King George county as their candidate for the State Legislature.

FISHING.—This is said to be the commencement of the Rock fish season at the Little Falls of the Potomac. Rock fish there are not as abundant as they formerly were.

SOUNDS.—If not "the voice of the turtle," certainly the song of the locust is heard now through the land.

POLICE REPORT.—MAYOR'S OFFICE.—Warrants were issued for the arrest of the parties engaged in the disturbance near the corner of King and West streets last night.

MAGISTRATES' OFFICE.—Warrants were issued for the arrest of four or five colored parties in the county, charged with threatening the life of one of their own race.

SPECIAL DISPATCHES TO THE GAZETTE.

Veto of the Arkansas Bill.

WASHINGTON, June 20.—The President has vetoed the bill passed by Congress for the re-admission of the State of Arkansas into the Union, and to day returned the bill with his objections.

He objects to the bill on the ground that his approval would be an admission on the part of the Executive that he had been in error, and that the act passed March 24, 1867, for the more efficient government of the "Rebel States," with the supplementary acts, were constitutional, which he denies, and says that time and occurrences have fortified him in his original opinion regarding them.

He objects to Congress having the control of the right of suffrage, which belongs of right, to the States.

He objects, on the grounds of impolicy, to the classes who will be allowed control of the States by the provisions of this bill.

He objects to the test oaths to be applied, and says that no Northern State would submit to them.

He objects to the proposed Constitution as it fails to provide means by which it is to be put into practical operation. Other objections equally cogent.

The message is an able, clear, concise and convincing document, and will reflect much credit upon its author, but it is thought will have no effect upon Congress.

Important Decision.

CINCINNATI, June 20.—An important decision was rendered in the Superior Court yesterday, involving several hundred thousand dollars insurance on the whiskey establishment of Foote, Nash & Co., destroyed by fire, and insured in the United States Marine Insurance Co. The policy provided that losses resulting from explosion or from explosive material were not covered. The court found that the fire was occasioned by the explosion of whiskey vapor and therefore the Insurance company was not liable.
